

## Earned Success

It's your life! It's your choice!  
It's your career! It's your voice!

Everyone has a place and a purpose on this Earth,  
an impact that began from the moment of your birth.

The choices that you make along life's way  
should be carefully selected each and every day.

Respect, morals, and manners are qualities everyone  
should possess  
for honorable behavior and citizenship in the U. S.

A trade or a profession is a career choice to decide  
that enables you to make money and is an inner source  
of pride.

The country needs skills from people of all sexes, religions,  
and races  
to contribute to our economy and to make our communities  
better places.

Opportunities exist in so many areas and positions,  
including teachers, doctors, farmers, welders, and  
electricians.

So, select one that interests you, and work hard towards  
your goal  
to be proficient in your job, an empowering role!

Stand up for what's right, and follow your heart.  
You are valuable, strong, independent, and smart.

One more thing to remember is to always do your very  
best.  
You'll be proud of your accomplishments and will have  
earned your success!
